

Wait list for Trukeys

Sold out except for our reserves

We have sold out of turkeys and turkey parts despite this year's increased turkey production.

As usual, we are accepting names for our **WAITING LIST** for whole turkeys (see below). We always reserve about a dozen turkeys so we can guarantee our confirmed orders. We will contact you the Sunday before Thanksgiving if we have a turkey available. Be sure you have given us the best phone number to reach you.

You will be under no obligation to take the bird if you no longer need it, and **NO DEPOSIT** is required.

We have already emailed all customers whose orders we can confirm. If you have recently sent in an order form and you have not heard from us yet - we will be contacting you by early next week.

To be placed on the waiting list click on this [REQUEST](#) ([Word format](#)) and email it to us, or call and give us the information over the phone, 301-983-2167.

FAQs

How would a turkey become available?

A turkey may become available if someone's Thanksgiving plans change, and they want to cancel their order. We try to place their turkey with someone else.

Also, we hold a small number of turkeys in reserve in case we have counted the birds incorrectly in the field or we have some losses. We never want to come up short!

How many people get their turkeys from the waiting list?

Normally 10-12 people get turkeys from the waiting list. We usually have to contact quite a few dozen people before all the turkeys are taken. So, people both “high” on the waiting list and “low” on the waiting list often receive a turkey.

What if I have just recently sent in a turkey order form, can I be added to the waiting list?

Yes. When you receive our email indicating that we cannot fill your order, you will be given the opportunity to be added to the waiting list in the order in which we received your mailed order. We will not deposit your check or charge your credit card. You can request that we return your check to you or void it.

Thank you for your continued interest and support,
