

Thank you for your turkey inquiry to Nick's Organic Farm.

We are sold out of confirmed turkeys orders.

HOWEVER, we do have a small number of birds that we hold in reserve - in case we miscounted or lose some birds to a predator. Also, we do have last minute cancellations as people's plans change.

You are welcome to be on our Turkey Wait List. We would let you know either Saturday evening (11/19) or Sunday (11/20) before Thanksgiving if we have a turkey available for you.

If you would like to be on the wait list, please reply back with:

The type of bird you would like (Heritage, White, or either).

The approximate turkey weight you would like.

The best phone number to reach you & an alternate phone number (cell numbers are best so we can text you).

Your pick up location (Potomac or Buckeystown).

We call down the wait list in the order you've signed up. If we cannot reach you, we go to the next name—so please answer your phone on Saturday evening and Sunday to improve your chances of receiving a bird.

As we are encouraging everyone to continue looking for a bird - we usually go down our wait list very quickly before finding those folks who would still want a turkey.

You are under no obligation to accept a turkey if you are offered one, and no deposit is required to be on the wait list. [Click here](#) to reference our order form to learn about our different turkey Varieties.
